Address: 12 Ngõ Thử Nghiệm

SKILLS

- E-Commerce & CMS: Shopify, Liquid, Shopify Theme Development, Store Setup
- Frontend Technologies: JavaScript, HTML/CSS, Responsive Design
- Integrations: Shopify Apps, Subscription APIs, Payment Gateways

WORK EXPERIENCE

Freelance Shopify Developer (03/2021 - Present)

- Developed and deployed over 15 custom Shopify stores for international fashion and skincare brands.
- Customised Shopify themes using Liquid, HTML/CSS, and vanilla JavaScript to deliver seamless checkout flows.
- Implemented product filters, bilingual language switchers, and subscription payment models.
- Optimised web performance to achieve Google PageSpeed scores above 85 on mobile and desktop.

Web Developer - Creative Digital Agency (06/2019 - 02/2021)

- Built interactive landing pages and responsive e-commerce web applications using modern JavaScript.
- Collaborated with UI/UX designers to translate Figma prototypes into pixel-perfect web interfaces.

PROJECTS

- Skincare Brand Global Store: Full Shopify setup featuring custom product variant selectors, subscription checkout integrations, and bilingual content management.
